

ADELA disappearing doors – without frame

Adela can be also an essential and adoptable disappearing sliding door in wood, in line with contemporary trends, as it uses flush-to-wall metal boxes that do not require jambs. The wall is free from invasive elements, leaving maximum continuity to the openings between one environment and the other.

The door can be embellished with accessories of customer's choice and original inserts in lacquered or decorated glass.

Dimensions standard and on demand. The doors can be customized with a maximum width of 1025 mm and a maximum height of 2795 mm. Door / panel thickness 40 mm.
