

Have you realized a project with HenryGlass products? Send us the material, let's communicate it together!

Have you completed a fine architectural or interior design project in which **HenryGlass doors or partition systems** were installed?
Get in touch with us, we will be happy to highlight your work!

Send us **all the information and the best photos** of your project. HenryGlass will select the best interiors in order to emphasise and to communicate them, through a Case History page on the company website and promotion by the various institutional web channels and social platforms.

Send us the following materials related to your project:

- general information: project name, designer name, dealer name, place and date;
- a narrative text about the project and its concept (minimum 600 maximum 1000 characters);
- the list of HenryGlass products used and their chosen finishes;
- a collection of images (at least 5 photos, format .jpg or .tiff, resolution 300dpi);
- photo credit \ photographer name of the shots;
- brief biography of the designer\architect;
- names and contacts \ social profiles of professionals involved.
